"We're Glad!" a Hughton family production!

Journeys with Crohn's & Colitis — by Tara Hughton

Our family has had the privilege of meeting so many wonderful, talented **Music for the Gut** performers, dedicated crew, generous sponsors, donors and patrons. Many have become our good friends. The music and memories that have filled yours and our hearts these past 13 years, will go on forever!

In 1988, I was diagnosed with Crohn's. I'm sure I'd had this, since I was a teenager. Back then we knew nothing of IBD — **Inflammatory Bowel Disease**. No one spoke about their bodily functions. I was always running to the washroom. IBD finally caught up to me at age 33, when I dropped to 94 lbs. I nearly died... Bowel resection surgery and new meds improved my life.

I'm not sure if I'd be here today, had it not been for the knowledge, support and kind friendship of **Vicki Bode**. Vicki was my mother-in-law's friend, and the only person we knew back then, who also had IBD. We started talking every time our family visited Grandma Noreen in Moose Jaw. Vicki and I formed a close bond through our common disease, and a friendship that lasted many years. She shared with me how she dealt with numerous surgeries, set backs, and side effects of horrendous drugs. No one seemed to know how to help, other than prescribing endless Prednisone or Imuran... We talked about food triggers, stress, and also lots of happy things too. It's been a joyful past 9 years having Vicki's grandson, **Kevin Bode**, as one of our performers! Kevin and his dad, Cameron, also have Crohn's Disease. Our two families have grown even closer, with both our sons, Jamey and Jordie, also having IBD... Thankfully new medications and advances are being made, so this next generation will hopefully not have to deal with what we did... Sadly... Vicki passed away in March, after having emergency surgery for a bowel perforation... Our love to her husband, Frank, and her family, in attendance, tonite. Vicki was our Angel...

As of 2023, **322,600 Canadians live with IBD...** Our Singers and our family remember those living with IBD. a Special list...

Aaron, Alesha, Alex, Amy, Aunt Mary, Bill, Brian, Brittany, Cam, Cameron, Carey, Carol, Chelsea, Chris, Christina, Cinnati, Clarke, Dane, Denise, Diane, Dwayne, Emily, Graham, Grandad, Heather, Jamey, Jana, Janaye, Janelle, Jeremy, Jimmie Jean, Joel, Jordan, Jordie, Julia, Kaitlan, Katie, Ken, Kevin, Kim, Krista, Kyle, Lindsay, Lori Ann, Lyndsey, Madison, Michelle, Nana, Nancy, Nicholas, Nicole, Noelle, Pat, Rachelle, Rock, Ryan, Shannon, Tara, Tiffany, Tracey, Tyler, Valerie, Vicki, Warren...

Shockingly... **the number of new diagnoses is rising most rapidly in children under 6 years old...**

In June, we had the privilege to meet **Brad and Cheryl Krawchuk** at the **Gutsy Walk for Crohn's & Colitis Canada**, with their daughter, **Madison**. This is her story: "One year ago, Madison was diagnosed with Ulcerative Colitis at the age of 4 years old. By the age of 3, Madison was no longer gaining weight and started showing signs that her overall health was declining. After a year of changing her diet, running numerous tests and becoming extremely anemic, Madison was eventually diagnosed with Pancolitis (Ulcerative Colitis causing inflammation of the entire colon). Very early onset Inflammatory Bowel Disease in children under the age of 6 years old can be extremely challenging to control, such as in Madison's case. Within the last year she has been hospitalized 5 times, has failed multiple medications and now receives infusions every four weeks at Jim Pattison Children's Hospital to try to achieve remission.

Her fight is ongoing, but we are hopeful that one day we will be able to properly manage Madison's condition. Madison is currently struggling to live with her condition since it impacts everyday life for her, she lives in constant pain and doesn't get any relief from the disease. We hope one day that Madison will see some relief from her Colitis

and can enjoy a normal childhood. Event's such as Music for the Gut are fantastic for awareness for a condition that is not well understood. With all proceeds going to the Crohn's & Colitis Canada we hope that one day we will find a cure!" We are thrilled to have Madison and her parents here, tonite!

Donations Gratefully Accepted in the Lobby for Crohn's and Colitis!

The River City School of Irish Dance

is one of Saskatoon's longest running Irish dance schools. The dancers participate in a number competitions and performances throughout the year and enjoy sharing their love of dance with their community.

Tonight's dance will feature River City's Championship dancers, many of whom compete at prestigious competitions such as the North American and World Irish Dance Championships. The music accompanying the dancers is a set of traditional Irish fiddles tunes that embody the liveliness of the dancers' fast feet.

Thank you to the Music for the Gut organizers for including us in this amazing annual celebration of music and arts!
